## Challenge #1: Goal

## **Objectives:**

- 1. Prepare a one page documentation containing the your goals and plan for your website based on your learning in w3school.
- 2. This should be under your own branch with folder title called "Challenge #1".
- 3. The comment of your commit must be the title of this activity.
- 4. Submit the output documentation in PDF format in the VLE.

## GOAL:

My affordable motorcycle website aim to become the go-to destination for budget-minded riders seeking a diverse range of brands. Make it easy to browse, compare, and find the perfect motorcycle within their budget. Drive traffic through SEO, social media, and informative content, while offering competitive pricing and excellent customer service to build a strong community of motorcycle enthusiasts and drive sales.
